Dear Mr. Saeed,

I am now in receipt of your correspondence dated 14 December and note the contents therein.

I am somewhat surprised at your reference to a previous request for information as this is the first correspondence received from you. Indeed I read of your requests in the media and was somewhat amused that you had; it seemed forgotten to write prior to issuing your press release and were obviously not checking my website, where the claims were already detailed.

It was always my intention to publish my claims as provided by the Fees Office and did so at the earliest opportunity.

Yours sincerely,

Mohammad Sarwar M.P.
